

Wilson J. Wright

Assistant Professor
Department of Statistics
University of Missouri
wilson.wright@missouri.edu
<https://wilsonjwright.github.io/>

EDUCATION

Ph.D., Statistics Colorado State University, Fort Collins, CO Advisors: Mevin Hooten and Daniel Cooley	2024
M.S., Statistics Montana State University, Bozeman, MT	2016
B.S., Biological Science Montana State University, Bozeman, MT	2011

EXPERIENCE

Assistant Professor Department of Statistics University of Missouri, Columbia, MO	Aug 2024–Present
--	------------------

UNDER REVIEW

Wright, W. J., Neitlich, P. N., & Hooten, M. B. (2025+). Clipped multiscale spatial processes for multivariate vegetation data. *Under Review*.

PUBLICATIONS

TECHNICAL REPORTS

- Wright, W. J.**, Irvine, K. M., Reichert, B., Talbert, C., & Litt, A. R. (2019). *Analysis of Colorado NABat data from 2016 and 2017* (tech. rep.). Colorado Natural Heritage Program.
- Wright, W. J.**, & Irvine, K. M. (2017). *Assessment of imperfect detection of blister rust in whitebark pine within the Greater Yellowstone Ecosystem* (tech. rep. NPS/GRYN/NRR-2017/1457). National Park Service. Fort Collins, Colorado.

HONORS AND AWARDS

Graybill Award for Excellence in Linear Models - CSU Statistics Department	May 2022
Honorable Mention ASA-Statistics and the Environment Student Paper	Jan 2016
Mildred Livingston Scholarship, Montana State University	Aug 2013
Honors Degree (<i>magna cum laude</i>) recipient, Montana State University	May 2011
Presidential Scholar, Montana State University	2007 – 2011

RESEARCH

Graduate Research Assistant	May 2021 – Aug 2021,
Colorado Cooperative Fish and Wildlife Research Unit	Jan 2022 – June 2024

Ecological Statistician Department of Ecology, Montana State University	Oct 2017 – July 2020
Statistical Consultant Northern Rocky Mountain Science Center, US Geological Survey	Aug 2016 – Sep 2017
Graduate Research Assistant Northern Rocky Mountain Science Center, US Geological Survey	Aug 2014 – July 2016
Summer Statistical Analyst Institute on Ecosystems, Montana State University	June/July 2014

TEACHING

Instructor University of Missouri	
STAT 8310 - Data Analysis I	Fall 2024
STAT 4760/7760 - Statistical Inference	Spring 2025
Guest Lecturer STAT 192 - First-year seminar in statistics	Nov. 2023
Teaching Assistant Bayesian Statistics for Ecologists short course (10 days)	June 2022, June 2023
Graduate Teaching Assistant Colorado State University	
STAR 511 - Design and Analysis for Researchers I	Fall 2021
STAT 307 - Introduction to Biostatistics	Fall 2021
STAT 201 - General Statistics	Spring 2021
STAT 204 - Statistics with Business Applications	Fall 2020
Statistics Success Center Tutor Colorado State University	
All introductory statistics courses	Fall 2020, Spring 2021, Fall 2021
Graduate Teaching Assistant Montana State University	
STAT 201 - Introduction to Statistics	Fall 2013, Spring 2014, Summer 2014

PRESENTATIONS AND POSTERS

- Wright, W. J.**, Neitlich, P. N., Shiel, A. E., & Hooten, M. B. (2023). *Mechanistic spatial models for heavy metal pollution* [Poster at the EnviBayes Workshop in Fort Collins, Colorado].
- Wright, W. J.**, Neitlich, P. N., & Hooten, M. B. (2023). *Multiscale clipped Gaussian processes for spatial vegetation data* [Presentation at Spatial Statistics Conference in Boulder, Colorado].
- Wright, W. J.**, Neitlich, P. N., Shiel, A. E., & Hooten, M. B. (2022a). *Mechanistic spatial models for heavy metal pollution* [Poster at the ENVR Workshop in Provo, Utah].
- Wright, W. J.**, Neitlich, P. N., Shiel, A. E., & Hooten, M. B. (2022b). *Mechanistic spatial models for heavy metal pollution* [Presentation at Joint Statistical Meetings of the American Statistical Association in Washington, D.C.].
- Wright, W. J.**, Irvine, K. M., Almberg, E. S., & Litt, A. R. (2019). *Estimating occupancy and activity of Montana bat species prior to the arrival of White-nose Syndrome* [Presentation at the Montana Chapter of the Wildlife Society Annual Conference in Helena, Montana].
- Wright, W. J.**, Irvine, K. M., & Higgs, M. D. (2018a). *Untangling spatial patterns in occupancy models: Residuals to separately assess detection and presence* [Presentation at the Wildlife Society Annual Conference in Cleveland, Ohio].
- Wright, W. J.**, Irvine, K. M., & Higgs, M. D. (2018b). *Untangling spatial patterns in occupancy models — an example of residual diagnostics for hierarchical models* [Presentation at the Montana Chapter of the American Statistical Association meeting in Bozeman, Montana].
- Wright, W. J.**, Irvine, K. M., Warren, J. M., & Barnett, J. K. (2017). *Statistical design and analysis of plant cover data with multiple sources of observation error* [Presentation at the Joint Statistical Meetings of the American Statistical Association in Baltimore, Maryland].
- Wright, W. J.**, Irvine, K. M., & Rodhouse, T. J. (2016a). *A new assessment tool for occupancy models when revisits are serially correlated* [Presentation at the International Statistical Ecology Conference in Seattle, Washington].
- Wright, W. J.**, Irvine, K. M., & Rodhouse, T. J. (2016b). *Assessing occupancy model fit when revisits are serially correlated* [Presentation at the Montana State University Student Research Celebration in Bozeman, Montana].
- Wright, W. J.** (2016). *Estimating mallard duckling survival — accounting for catastrophic events* [Presentation at the Statistics Graduate Student Writing Projects seminar].
